## CAR SERVICE IS TO CHANGE JUNE 1.

Beginning June 1 the Twenty-first street car will go down Wall avenue instead of stopping at Twenty-fifth street and the Twenty-third street car will run only to Twenty-fifth. The change is being made to give a direct service over the Twenty-third street line from the intersection of Washington avenue and Twenty-fifth street to the Dee hospital when the extension to the hospital is made, which will be soon after June 1.

Manager P. D. Kline of the Rapid Transit company received information this morning that the cross rails for the Twenty-third street and Washington avenue intersection will not be shipped from Salt Lake before June 2, necessitating delay in finishing the Twenty-third street car line extension to the hospital until after that time. The connections can be made in two days after the material arrives.

A force of men will be placed on the Wall avenue extension within the next week or ten days, and it will require some time to complete the job. This extension made, the Twenty-first street car will run from Van Buren avenue to Wall avenue and Twenty-third street, by way of Washington avenue and Twenty-fifth street.

## OGDEN SUNDAY SCHOOL UNION

The Ogden Sunday School union held an interesting and instructive meeting at the Baptist church. Dr. E. P. Mills presided, introducing the

speaker of the evening, the Rev. Mr. Bush of Denver, Colo., who spoke on "Efficiency in our Sunday Schools." He advocated the study of child psychology and child nature by our teachers in the Sunday schools and said:

"We must know the subject to be taught, also know the pupil and bring the two together. The school is for the whole community—a completed circle."

The Sunday school teacher should guard against inherited tendencies in the boys and girls and direct these tendencies along right lines. There must be shown a sympathetic interest in the young people. Time, patience and much effort are often times necessary, but it is worth while in Sunday school work.

The Union will not meet again until the last Monday in September, at which time a text on teacher training will be taken up for study, and group conferences will also be held at these meetings.

## NOT POSTED ON THE SPEED RULES

Although L. N. Strick of Salt Lake bought a motorcycle last Saturday and had it equipped with a speedometer, he neglected to read up on the speed ordinances, relying only upon hearsay for his education along those lines. Consequently, when he came to Ogden on Sunday, he believed that the ordinances of Ogden were the same as those of Salt Lake, and he had heard from various sources that the laws of Salt Lake permitted a rider to travel fifteen miles an hour without danger of becoming arrested. Briefly, the foregoing was the excuse given by the unfortunate owner of a new motor to Judge W. H. Reeder in police court this morning. Strick had been arrested on Sunday, but the local police had permitted him to go on his own recognizance and return to Ogden today for trial. He pleaded guilty and promised that in the future he would obey the laws regarding speed. Judge Reeder fined him \$5.

## BARBERS WILL CLOSE.

Union barber shops will close all day Friday, May 30, and remain open until 10:30 p. m. Thursday evening, May 29.

Even a smart man has to get up early in the morning to get ahead of a fool woman.

## OPENING DAY OF THE SHOOTING TOURNAMENT

The eighth annual tournament of the Idaho-Utah-Nevada tournament of trap shooters opened at the Ogden grounds, on Thirty-fifth street and Jefferson avenue this morning with a good attendance. The forenoon was started with fairly good shooting, but no results will be reached until late in the afternoon. The sportsmen report the grounds in good shape, but the wind a little strong.

Secretary Bigelow states that a larger crowd is expected before the close of the three days' events, as usually there are belated shooters from long distances.

Aside from special prizes and trophies, the local club is offering \$530 in added cash prizes.

The grounds are supplied with rest-rooms and other accommodations. A large supply of ammunition is on the grounds and automobiles are at hand to convey shooters to and from the grounds. Provision for lunches on the grounds were made and the contestants will remain at the traps all day.

Those in attendance are: J. F. Cowan, C. E. Ritter, C. A. Sage, H. S. Mills, and G. S. Rutherford of Salt Lake; C. A. Height, Spokane; D. J. Helehan, Butte; G. E. Helehan, Spokane; O. C. Hillhouse, Salt Lake; J. N. Sharp, Salt Lake; D. S. Hood, Salt Lake; G. E. Brown, Ogden; E. J. Morgan, Salt Lake; L. R. Bain, Salt Lake; L. G. Dinwoody, Salt Lake; C. W. Fuller, Pocatello; H. C. Keefe, Denver; George Wingfield, Reno; A. P. Bigelow, Ogden; S. Huntley, Vancouver; C. E. Nelson, Hawling; William Anderson, M. Skoen, J. M. Browning and T. S. Browning, Ogden; A. H. Hardy, Denver; R. C. Kingsley, Salt Lake; J. A. Huntley, Ogden; A. E. Beckey, Salt Lake; G. L. Becker, Ogden; F. J. McGlinney, Salt Lake; H. W. Hoagren, Salt Lake; R. A. Lohr, Tremonton; W. T. Gallagher, Salt Lake; W. Davis, Brigham; Chas. Parnell, Ogden; E. M. Sweeney, Twin Falls; C. H. Reilly, Salt Lake; C. A. Ginning, Longmont.

Aside from the regular trap shooting events for prizes, during the day there will be a shoot for the Confar challenge medal, the Browning Brothers diamond medal and the "three-man team shoot" for a trophy.

## RECORD IN THE EXTENSION OF DIPLOMA OF PLAIN CITY ROAD

For the first time in the history of the board of education, the diplomas to be given to the graduates of the Ogden High school will contain a record of the work done in the High school. Diplomas in years past were simply certificates stating that the students had completed the prescribed course. In addition to that formula, the certificates will also give the subjects taken during the four years and the number of credits received for each subject.

Members of the class this year may go to college armed only with their diplomas instead of carrying with them an elaborate record of their studies as made out by the principal to be shown to the president of the university at which they intend to study.

Each of the 75 certificates is signed by Superintendent J. M. Mills, Principal Henry Peterson, President Hyrum Pingree of the board and Miss Ivy Williams the clerk. All the spare time of those officials has been given in wielding the pen upon the sheep skins.

## ORCHARDS OF THIS COUNTY INSPECTED

J. Edward Taylor, state horticultural inspector, was in Ogden yesterday on a tour of inspection through the fruit farms of the vicinity. In company with R. N. Rasmussen, county inspector and Dr. C. N. Jones, plant disease specialist of the Agricultural college at Logan.

Mr. Taylor stated that he found the orchards of the county remarkably clean with but few traces of disease or blight. He stated that no special trouble was being hunted down. "We were just on a regular trip of inspection," was the way he put it.

When asked what effect the frosts had had on the fruit, the inspector said, "Fruit trees have nine lives and it is hard to take the entire nine. From my observations, I would say that there will be a large crop of all fruits."

He did not know whether the hail storm had damaged orchards to any extent.

## MILK DEALERS NOTIFIED TO REPORT

J. Carlos Lambert, deputy state dairy and food commissioner, came up from Salt Lake this morning and visited those dairies where the milk was found to be below standard and dirty. The purpose of the inspector was to discover why the milk was dirty and to point out to the proprietors why the state will not permit the milk supply to be poor.

As a result of the tests made of Ogden milk, letters have been sent to the dairymen, whose milk was below standard. The letters ask the dairymen to give reasons why they should not be prosecuted for selling milk in poor condition. Unless the dealers can give good reasons, Commissioner Lambert hinted that complaints will be sworn out.

"I found the dairies to be in good condition today," said Mr. Lambert in giving the results of his trip of inspection. "There appears to be no reason for dirt in the milk. The cows are feeding in green pastures and are clean. Where dirt was found in the milk it must have been due to carelessness. In some instances dirty cans would account for it."

The commissioner urged all dealers to keep their milk cold as warmth tends to increase the bacteria.

He will pay another official visit to Ogden in a short time for the inspection of the creameries of the county. He visited the creameries of the city today but will not go to the outside plants until his next visit.

## PROCEEDINGS OF THE CITY BOARD

On the recommendation of Mayor A. G. Fell, the board of city commissioners this morning refused to pay the plumbing bill of the Ogden Plumbing and Heating company amounting to \$29.25, for plumbing work done at the fire station. The mayor advised the board that the plumbing had not been according to the provisions of the city ordinances respecting that kind of work.

The city engineer presented plans for the new grade for a part of Jefferson avenue and Twenty-seventh street and they were placed on file. The city recorder, reporting that there are no protests against the placing of sewer mains on Brinker avenue, between Twenty-fifth and Twenty-sixth streets, and on Twentieth and Twenty-first streets from Washington, Wall avenue, the engineer was authorized to advertise for bids for the work.

There being protests against paying Seventh street a short distance of Washington, the matter was referred to the city engineer for computation. At the request of the city engineer, W. S. Craven was appointed field engineer.

Some people might just as well be crazy for all the sense they have.

People residing at Plain City, Farr West and Warren of late have exercised their best efforts to have the Ogden Rapid Transit company electrify the Plain City road and make such extension as may be required to meet the needs of that district. The company has advised the people that the improvement suggested would cost in the neighborhood of \$20,000, but that the company does not care to spend that amount of money for the improvement at this time. The company has proposed to the people, however, that if they subscribe for \$15,000 of 20-year 5 per cent bonds, the company will use the money in making the improvement and add \$15,000 to it.

A meeting of Plain City residents was held Monday night and the question discussed. No definite conclusions were reached and another meeting will be called. It is said by those interested in the project that in all probability committees will be appointed to canvass the district in favor of the bond purchase.

## Society

**CHILD CULTURE CLUB.**  
To show appreciation for the work done, the members of the Child Culture club presented Mrs. S. S. Smith, the retiring president, with a handsome brooch. Mrs. Thomas D. Dee made the presentation yesterday afternoon at the final meeting of the season at the Dee residence.

After the business meeting, Mrs. S. H. Frey gave an interesting talk on the Chautauqua assembly and Mrs. H. M. Barrows gave a review of the book, "Tomorrow" which has for its theme eugenics.

Before adjournment for the summer was taken, the members decided to hold a field day at the Hermitage during the vacation, but the date was not decided.

**GRADS ENTERTAINED.**  
Last night at the High school auditorium the Alumni association entertained the graduating classes of 1912, 1913 and 1914 at the same time issued membership certificates to the grads. The membership of the association is now about 800.

The big hall was tastefully decorated with pink and green crepe paper. A canopy of the same colors covered the band stand and punch bowl.

The officers of the alumni are: J. W. Randall, president; Alden Nicholson, secretary; R. C. Glassman, treasurer. They had charge of the entertainment.

The music was furnished by part of the new A. F. of M. band.

**THIMBLE CLUB.**  
Mrs. Terrell will entertain the Thimble club of Women of Woodcraft No. 551, at her home, rear 348 Twenty-eighth street, Thursday afternoon.

**WEDDINGS.**  
Miss Bessie Lee of Ogden and Jesse H. Draper of Clearfield; Miss Lucille Farr and Franklin J. Foulger; Archie C. Stokols of Clinton and Miss Florence Shore of Ogden will join the ranks of couples wedded today.

**WEDDING TONIGHT.**  
The nuptial ceremony uniting Ethel M. Wadsworth and William R. Kimball will be performed in the Presbyterian church tonight and a reception to be given at the Wadsworth home on Twenty-eighth street.

**FARR-FOULGER.**  
Miss Lucille Farr, daughter of Mr. and Mrs. Thomas Farr, and Franklin J. Foulger, were united in marriage today in the Salt Lake temple. A wedding supper at which the immediate relatives of the bride and groom will be present will be given at the Farr home on Washington avenue tomorrow evening.

Mr. Foulger will leave for New Zealand, June 5, on a mission for the Mormon church.

**FOULGERS ENTERTAIN.**  
Mr. and Mrs. Fred Foulger entertained at a dinner party last evening in honor of Miss Lucille Farr and their son, Franklin J. Foulger, who were married today in the Salt Lake temple.

About twenty guests were present and a happy evening was spent.

**MISSION CIRCLE.**  
The Mission circle of the First Baptist church met this afternoon with Mrs. Jennie Anderson at her home, 100 Washington avenue.

Officers for the ensuing year were elected and following the business of the afternoon refreshments and a delightful social hour were enjoyed.

The meeting adjourned for the summer vacation to meet again in September.

**CAMPFIRE GIRLS.**  
The Utahna and Minnehaha branches of the local Campfire Girls will meet at 9 a. m. Friday at the home of Mrs. Virginia Mathews with flowers and wreaths to march to the cemetery.

The Utahna Campfire Girls met for their regular ceremonial meeting at the Mathews' yesterday afternoon, bringing with them the embroidery and other work that they have been working on during the month and some very exemplary work was shown and honors awarded. Six new members were initiated.

In the evening Minnehaha branch of the Campfire Girls met with Mrs. Mathews and initiated eight members. Their work was also exhibited and honor awards made. Some excellent work is being done by these bright, willing young ladies.

After the work of the evening refreshments were served by Misses Florence Crites, Ethel Folles and Helen in a most capable manner and a delightful social hour was enjoyed.

At the next ceremonial meeting Misses Flora Hotelling, Hazel Burrell and Gladys Richards will prepare and serve the refreshments.

**MORSE IS PRESIDENT.**  
New York, May 28.—Charles

Morse was elected today president of the Hudson Navigation company, owners of a line of steamers operating on the Hudson river. Morse was head of the company in 1909, but was deposed a year later. John W. McKinnon, who succeeded him, sold his interest in the line to a syndicate of bankers who placed it in Morse's hands, thus giving him control.

## WORLD'S MARKETS

**WALL STREET.**

New York, May 28.—Further liquidation in the various issues of the St. Louis and San Francisco railroad constituted the chief feature at the opening of today's stock market. Losses ranging from a point and a half in the common stock to over four points in the five per cent bonds were recorded. All the active stocks showed nominal declines with the exception of Reading.

Standard stocks shook off the depression caused by the decline in St. Louis and San Francisco securities and other low-priced issues. Union Pacific rising a point. St. Louis and San Francisco first preferred extended its loss to seven points and the general five to 6-3-8. Distillers' securities fell 4 1-4 and the 5 per cent bonds four points.

Noon—Liquidation was again distinctly in evidence during today's early stock market session. Initial prices reflected relative steadiness in the more representative shares, despite further severe declines in St. Louis and San Francisco issues, which yielded all the way from material fractions to seven points for the first preferred stock. Improvement was not long sustained however, all the market leaders losing their early advantage with substantial recessions in Amalgamated and American Smelting. Among the minor specialties Distillers' securities fell over three.

Bonds were heavy.

**Chicago Grain.**  
Chicago, May 28.—Opinions by crop experts that rain within a week would make a wonderful difference in the dry sections of Kansas had a bearish effect today on wheat. As there were signs of rain in that district, the market responded promptly. Buying was only of a scattered sort. Opening prices ranged from a shade off to 1-8c advance. July started at 91 3-4 to 91 7-8c, unchanged to 1-8c unchanged to 1-8c higher, and declined to 91 1-2c.

In the weather and increasing receipts made corn easy. July, which opened the same as last night to 1-8c, advanced at 57 1-4 to 57 3-8c, sagged to 57 1-8 @ 1-4c.

Oats traders were nervous about reports that recent damage appeared to be irreparable. July, after starting unchanged to a shade lower at 37 7-8 @ 38 to 38c, rose to 38 1-8c. In provisions, the controlling influence was a decline at the yards. First sales were unchanged to 10c lower, with September deliveries as follows:

Pork, \$19.62 1-2 @ 19.75. Lard, \$11.12 1-2 to 11.15. Ribs, \$11.27 1-2 to 11.30. Wheat—Unfavorable crop reports from a number of Illinois points led to a rally which, however, failed to last. The close was steady with July 3-8c net lower at 91 3-8c.

Corn—Later the market rallied temporarily with wheat. The close was steady at 57 1-4c for July, 1-8c under last night.
